

Cheeky Drawing!

Cheeky Drawing & Sculpture

Ever wanted to mould a man? Well now you can, we will get you into pairs and you will be able to mould a man's most precious jewels perfectly to your desires or imagination.

The first half of the class will be drawing to get you into the artistic mood and to get familiar with the male form and then we will jump straight into sculpture class.

NB: This option requires you to provide a surface to create and enough seating for the size of your group.
We do have some tables and chairs if you need.

This is a really hilarious option and one that will be talked about for years to come!
