

# Cheeky Drawing!

## Cheeky Drawing & Flower Crown Workshop

What better way to celebrate your Bride-to-be's occasion than to work with nature and create a stunning flower crown and then draw a hunky male nude model.

In the first hour a qualified and experienced florist will guide you through the process of constructing and creating your very own flower crown & the second hour, you will spend drawing a hunky male nude model. We will have a short 5-10minute break inbetween to top up your champagnes.

Your Host is a Drawing Instructor and experienced Florist and will guide you through both classes.

During the whole time the host will take some happy snaps to capture all the magical moments.

And yes you get to take the flower crown home with you!
